Weekly Bulletin #74

It is very difficult to speak of religious things to an unreligious person. The conversion of a person who has become indifferent to the Diety is not easy. So steeped is he in materialism that it is part of every fibre of his being: - - IT IS IN HIS VERY BONES!!! To such a person the very name of God simply does not make sanse. Such a person may be in full possession of hi reason; but he is not free to use it for the simple reason that his prejudices will not permit him to reason except from the premises which support his erroneous conclusions and his longing for materialistic achievements!! Needless to say there is no use expecting such a person to pray for his own enlightenment. He will not - (he thinks that he is already full of enlight- enment). Prayer to such a person is just nonsense. Prayer to such a person is the mental disorder of a fanatic. Such a person is a victim of his own unbelief; and because of the nature of the spiritual malady from which he is suffering, he is unable to attend to his own spiritual needs. Such a perso is a helpless invalid in the spiritual sense.
