

THE ABBEY CHURCH IS FINISHED!!!

THANK YOU! SO VERY MUCH.

You have built a Temple to God

The celebration of the dedication of the abbey church of Christ the King Abbey is now beautiful history. Only those who attended and took part in the ceremony can tell of the unbelievable holiness and beauty of it. It was an occasion of hope! It was an occasion of prayer! It was an occasion of serenity and harmony! It was an occasion of peace! A holy joy was in the hearts of all the people present. It was a magnificent expression of a most profound and touching faith as the assembled priests, seminarians and people (who came from all parts of the country) joined the monks of the abbey as they, in solemn procession, brought our Eucharistic Lord into the church for the first time. Even the storm of several days parted its angry clouds and let the sun shine upon all as the time for the beginning approached. All went very well indeed.

The community of monks of Christ the King Abbey is deeply grateful to the many, many wonderful people from all parts of the world who contributed toward the construction of this church. So tremendous was the response that the church is already completely paid for!! Is this not a miracle of God's holy providence?

As an expression of the gratitude of the monks, everyone who gave toward the construction of the church will be perpetually in the intention of a weekly Mass to be said on the high altar of the church.

!!!! GOD BLESS YOU ONE AND ALL !!!!
AND
THANKS BE TO GOD
