

# MASS INTENTIONS

Up to the present time, circumstances and the shortage of priests have made it impossible to accept your mass intentions freely and without some hesitation. We genuinely and profoundly regret this. Thanks be to God, with the ordination of our new priests on October 25, the situation has been changed and much of the problem has been removed. We are now in a much better position to accept and say the masses you may wish to send to Christ the King Abbey. We assure you that whatever masses you send here will be said by our priests and in this monastery. They have not in the past, nor will they in the future be sent away!
