The single most urgent need of our time is the restoration of the True Sacrifice of the Mass (not the so-called "Latin Mass") Therefore, the restoration of the True Mass simply must be our single primary concern—to the complete exclusion of ALL other causes—important as they all may be. Let us all pray to the Almighty and Divine God, that He will give all traditional Roman Catholic priests and people the grace to comprehend the meaning and importance of UNITY with all other traditional Roman Catholic priests and people, and the Grace and humility to work together for the advancement and achievement of that end. Without unity we cannot cope with Satan! When the true Sacrifice of the Mass is once again restored as the central act of Catholic worship, all things will be returned to their proper focus! HAVE NO FEAR!

The divisions and dissensions found amongst some traditionalist priests and people were forged in the devil's workshop!
