

TIME TO ACKNOWLEDGE

Except for minor points, here and there, the Abbey Church of Christ the King Monastery is complete and is in full use. It is, therefore, time to walk through the Church, and speak of the wonderful Goodness of God. It is time to tell of the countless gifts we have received from a multitude of people.

Before we speak of the works of the people, let us speak, with hearts full of humility and gratitude, of the incredible goodness of God. His is the Hand that has made possible everything that is here. His is the Hand that built our Church. His is the Hand that upholds us and which lets us not be confounded. His is the Hand that has led you to us! Praised be the Name of God.

People, a multitude of people, have been such a part of this miracle in a cotton field in North Alabama. We, the Monks and Nuns, wish to take the time to thank and acknowledge what you, our beloved Friends and Benefactors, have brought about.
