

We Monks and Nuns are profoundly grateful to so many of our faithful loved ones – out there – who have given so freely to our Communities. We do not publish the names of our benefactors. In that way our friends will be spared needless harassment from those who might want for themselves or who may envy or disapprove of the benefactions to our Monastic Communities.

So many and truly authentic Relics have been given, all with authenticating and clear documents, and whose age demonstrates unquestionable genuineness. Each relic is a treasure to be treasured. How wonderful it is to have them in our Relics' Chapel.

So many books – EVEN COMPLETE LIBRARIES – have been given to us. Books of real value and usefulness – not just additions to be counted. Each book is a treasure to be treasured.

We are truly grateful for all our many gifts. We are profoundly more grateful for the love and trust you have for us. We are your brothers and sisters and your love means very much to us. You know quite well that you are in our daily prayers and works in God's House.

Please join us in our prayers as we pray for UNITY amongst all those of us who are working for the same Kingdom of Jesus Christ in His Holy Traditional Catholic Church. This is a MUST! Let us put an end to the scandal of traditionalist disunity!

Please join the Monks in giving thanks to God because of the Abbey Well. In spite of a severe drought we were able to keep everything watered. We have excellent drinking water, too. God is Good!

The Monks have completed a tremendous undertaking. Without any outside assistance, they completed the ceiling trim work in the Abbey Church. High up on three tall scaffolds, the work was quite dangerous. No accidents and the work is most beautiful. The Monks are now working on the reconstruction of the choir section in the Abbey Church. The stalls will be re-built. This work will be rather tedious. When this is done, work begins on the High Altar – the decorating of it. This work will also be rather tedious. Some weeks ago, the Monks went logging in the woods and brought in some oak logs, which they, with borrowed saw mill, sawed into beautiful oak lumber. The Holy Rule says: "Then let them know that they are **truly** Monks when they live by the labor of their own hands."
