

of Catholic Belief, such as the Eucharist (for example), must be trimmed to fit the beliefs of other religious bodies. If this program ever succeeds, then all that has ever made our Catholic Religion Catholic must give way to a new and **UN-CATHOLIC** identity.

In order to mollify conscientiously objecting Traditional Roman Catholic priests and people, in some places a sort of controlled patronage is being placed on the "restoration" of the Traditional Catholic Ceremonial. The impression is thus given that the Catholic Church Leadership is returning to its original and authentic Catholic moorings. But this is not the case. It is not the intention of the Leadership to undo its work which is leading to religious ecumenical understanding. A glance under the cloak of the beautiful and **LOCALLY** "approved" Traditional Ceremonial (**it is now referred to as the Latin Liturgy**) will reveal to all mentally honest priests and people that there are two separate and distinct and opposing Faith conclusions concealed under that cloak. Approval for the ancient ceremonial is given, but only after a statement of acceptance is rendered and loyalty extended by the priests to the new order of catholic belief. It is clear that the perpetrators of the ecumenical mission are quietly forging the minds of trusting priests and people into accepting that which is completely outside the realm of right reason. Mental dishonesty is exercised and mental dishonesty is demanded. With prejudice or judgment toward no man, it must be pointed out that anyone who teaches or accepts our religion both ways (**Traditional Roman Catholicism / New Order Catholicism**) - - - who teaches anything in two ways, each way in direct opposition to the other - - - is mentally dishonest. Such a one is a source of deception to those who seek his guidance and who are in need of a place where they can truly, and without obstruction and deception, worship according to the way their right conscience inspires them. This is also an inalienable right.

The Monks of Christ the King Abbey in Alabama continue to hold on to the **BELIEF** and **FAITH** that has been the Foundation Stone of True Catholicism for Two thousand Years - untouched - unchanged and proven: it is Truth - - **TRUTH** - - that has the authority of two thousand years. The Monks of Christ the King Abbey in Alabama accept only the authentic Catholic Faith and Experience. The Monks are distressed when confronted by prominent and "approved" religious institutes which for the sake of the Traditional Ceremonial forsake the One, Holy and irrevocable Truth of the Catholic and Apostolic Religion and give their loyalties to both sides of "**A House Divided.**" □
