

WHAT IS AN APOSTLE?

Without love all our words will be but sounding brass. We may be great preachers, great public speakers, teachers, journalists, writers, or organizers, but if the Charity of Our Lord does not burn within us – if the Charity of Our Lord does not motivate every move we make – we will never be apostles. An apostle is one who speaks and acts in the Name of Jesus out of true love for Him. An apostle is in intimate union with Jesus. An apostle is also inflamed with love for God the Father and God the Holy Spirit. An apostle has only passionate and loving zeal for saving souls. □

!WORDS! !WORDS! !WORDS!

LET US NOTE WELL that the power of our conversation with God does not lie in the quality of the spoken words of the prayers that issue forth from our lips. The strength of our prayer lies **entirely** in the quality of the sincere and peaceful interior dispositions which predominate in our hearts and in the humble state of mind that springs forth from the steadfast faith and honestly pure love in our hearts! □
